- Country Fair-- Sponsorship sales ongoing- 5 sponsorships left!
  - Volunteers always needed

### **HHK NOW PREMIER**

#### Principal's Report- by Dr. Eckert

We are beyond thrilled to put this together, HSA's support made this happen.

- The Talent that leads these episodes is second to none, we are so proud of these students.
- Mrs. Walsh has been instrumental in creating these shows and now being able to press a button to watch it, is so exciting.

- Mrs. Walsh was the originator of the TV studio 10 years ago, and thanks to the ED foundation who founded the whole TV studio.
- The HSA made it possible with technical enhancements and supports to stream it live (eventually) and record episodes to be put on our website of all to see.
- Thank you to Mr. Takagi
- Thank you to Mr. Cazes- director of Technology for the Quad District

Mrs. Walsh- thank you to the Shucks for the backdrop and helping set it up recently.

- This is only the 2nd show, this is the new group for this semester.
- It is a great way to start learning public speaking.
- thank you to all of the students who worked behind the scenes and in front of the camera
